Just a thought…

“Recently I sat at the Alfred Hospital with a very close friend as her daughter had a double lung transplant. It has been a tough road for this family as both children have this terrible disease (cystic fibrosis). It was amazing and comforting for me to read how your Foundation has worked to help so many people. There is a long road ahead but thank you so very much. Your work has inspired me.” Email message: 30th July 2007.

“Dear Margaret, My wife and I read with interest your Foundation newsletter while visiting the Alfred Hospital with our 9 year old daughter. We are encouraged by your story and what you have personally gone through with regards to a third double lung transplant … you are an inspiration to all.” Email message: 29th June 2007.

Foundation supporter Pam Merlo is collecting poems and prose which she hopes to publish as an inspirational and uplifting anthology for transplant patients and their families.

The proceeds from sales of the book will go to the Margaret Pratt Foundation.

If you have a story to tell and would like to share it, please send copy to:
